

EurAgEng Young Professionals Network

The Young Professionals Network (YPN) is a newly established branch of EurAgEng – a society promoting the profession of Agricultural and Biosystems Engineering as well as the collaboration between academic and industrial research. YPN will connect young professionals (YPs) and offers

- ✓ Networking opportunity (with YPs from different sectors and countries)
- ✓ Recognition as an active YPN member
- ✓ Possibility to discuss with external experts
- ✓ Connections with experts and established EurAgEng members
- ✓ Events with Continued Professional Development certificates
- ✓ Regular updates on important events, workshops and career advice
