

# EurAgEng AWARD OF MERIT

## Scientific Understanding

### AgEng conference 2024 Athens

## NOMINATION FORM

The award will be made to an individual for their major international contribution to the advancement of scientific understanding in engineering and related science for the benefit of agriculture, environment, industry and/or the rural sector in Europe. It is expected that the winner will, in general,

- be a leading scientist with a strong publication or patent record,
- have a clear understanding of the scientific challenges facing farming, the rural environment and/or associated industry
- have made a major contribution to scientific or engineering innovation that has been recognised internationally.

The award is to be given biennially at AgEng conferences this year at AgEng2024 in Athens.

In addition to this form please provide a short CV of the nominee.

Please use the headings so that all nominations are comparable and can be assessed uniformly by the Judges.

Please return the form **ASAP** to the Secretary General ([secgen@eurageng.eu](mailto:secgen@eurageng.eu)).

### The individual nominated for the Award

Name of individual	
Name of organisation	
Address	
Telephone number	
Fax number	
Email address	

**1. Please describe the area of scientific research with which the individual has been associated that justifies their consideration for this award.**

**2. Explain the distinctive nature of their scientific contribution, the success of their activities and the international dimension, and make reference to any other matters that demonstrate the outstanding nature of the individual's contribution.**

**3. What scientific aspects of agricultural or biosystems engineering have been advanced through the actions or activities with which this individual has been strongly associated?**

**4. Identify the unique contribution of the nominee to these activities**

**5. Describe how their contribution has advanced scientific understanding of key processes in agriculture, engineering, environment or other aspects of the rural sector, giving examples and indicating the importance of these scientific advances and/or potential for future development.**

**6. Please provide up to 20 references from the scientific literature, and list major awards or other recognition already made.**
